

CIRCULAR

To: ALL GREYHOUND CLUBS AND STEWARDS

IMPORTANT NOTICE - SWABS AND MEETING RETURNS

Following a recent incident involving meeting returns and swabs not arriving at the GHRRA Offices a new Policy and procedure is to be adopted by Clubs immediately.

“No person or Club shall allow at any time a urine sample taken from a greyhound at a meeting to be in the care or custody of the greyhound’s Trainer, Owner or Attendant or a close relative or any person that resides with the Trainer , Owner or Attendant”.

Any person or Club that fails to strictly abide by this Policy shall be in breach of the Rules and may have action taken against them.

Additionally **ALL** meeting returns and swabs are to be forwarded by **EXPRESS POST PLATINUM**. This new Australia Post Service offers extra tracking capabilities of articles posted. Any person posting meeting returns and swabs are directed to **retain** the Tracking Document and Receipt Number in the event that the documents do not arrive at the GHRRA.

If you have any questions in regard to the above Policy please contact Michael Hurley at the Offices of the GHRRA.
